The Great Wall Society (CSSA-BRUNEL)

Make friends, learn about China!

Join the Great Wall Society of Brunel University. You will be able to make friends, play sports and learn about China!

The Great Wall Society has grown out of the Brunel Chinese Students and Scholars Association (CSSA) which is a branch of the UK CSSA, the largest and most active Chinese society in the UK.

It has now over 300 members, including Brunel University students and staff and members of the local community. We welcome anyone who is interested in Chinese culture and society! We organize regular activities for our members, including events celebrating traditional Chinese festivals and the Chinese national day, as well as film and game evenings and sports activities.

We also participate in activities organized by UK CSSA with students from hundreds of other UK universities.
